

Issue Resolution Request

IRR: CLM901
Received Date: 1/29/2020
Priority: Med
Status: Pending Resolution
Requestor Name: Alexis Newman
Phone Number: 907-465-6059
Email: alexis.newman@alaska.gov

Business Requirement / Issue: What is the business requirement / issue? Cite any applicable statute/rules, and attach a copy, if desired.

AK requires (AS 23.30.155) Benefit Payment Issue Date (payment date) when compensation has begun, or has been increased, decreased, suspended, terminated, resumed or changed in type. Currently the standard only allows Benefit Payment Issue Date to be required on MTC IP, AP, RB, PY and SX. AK needs to be able to require the Benefit Payment Issue Date for all Event MTCs that meet their statutory definition. We are currently receiving this date on every claim, so it appears that claim administrators are able to report this information.

1. Is the information currently being collected at this time by the submitter? If yes, detail current method of collecting the information. Yes

Benefit Segment

2. If the information is not currently being collected, what timeline does the submitter expect or require for implementation of the proposed change?

7/1/2020

3. What other methods of collection or reporting, if any, have been considered?

N/A

Requester's Proposed Solution (optional):

Proposed: For all MTCs that are initiating, changing, increasing, decreasing, reinstating, terminating or suspending a Benefit Type Code: AP, AB, IP, RB, EP, ER, CB, SX, PX, PY, CA, SU: The date that the check that initiated the MTC is officially surrendered during business hours to a letter delivery organization, is available for pickup per agreement with the employee, or the date the funds are made available to the employee via electronic funds transfer (EFT).

For CO transactions, the date of the check or the date of EFT funds availability that initiated the transaction that received a TE acknowledgement code.

Orig/Rev: 03/01/06, 7/30/13, xx/xx/2020

Record: R22

Format: 8 DATE

DP Rule:

Current: The Benefit Payment Issue Date is in the Benefits Segment. The equivalent of this data element in the Payments Segment is Payment Issue Date (DN0195).

Refer to Variable Segment Population Rules (Benefits Segment and Payments Segment) in Section 4. The Steering Committee/EDI Council directed that Payment Issue Date (DN0195) (and the corresponding Benefit Payment Issue Date DN0192) was established for specified transactions only (IP, AP, PY, RB, SX or any corresponding 02 or CO for those specified Maintenance Type Codes) and that individual weekly check information would not be reported.

For IP, AP, RB MTCs when No Payment Due - No Payment Issued - When no payment is due the claimant because Actual Reduced Earnings (DN0124), Deemed Reduced Earnings (DN0147) and/or Benefit Adjustment Weekly Amount(s) (DN0093) have resulted in a Net Weekly Amount (DN0087) of zero, the MTC Date should be used as the Benefit Payment Issue Date.

Proposed: The Benefit Payment Issue Date is in the Benefits Segment. When No Payment Due - No Payment Issued - When no payment is due to the claimant because Actual Reduced Earnings (DN0124), Deemed Reduced Earnings (DN0147) and/or Benefit Adjustment Weekly Amount(s) (DN0093) have resulted in a Net Weekly Amount (DN0087) of zero, the MTC Date should be used as the Benefit Payment Issue Date.

Pg 4.20 EP/ER Population Rules Chart:

DN0192: Benefit Payment Issue Date in Chart

For BTCs: 210, 220, 221, 230, 242; 250; 251; 270

Current: Not Required

Proposed: Issue Date of Salary in Lieu of Compensation Check for MTC EP or ER.
