Business Requirement / Issue: What is the business requirement / issue? Cite any applicable statute/rules, and attach a copy, if desired.

Idaho requires PPI to be paid per tooth. The current standard does not allow for reporting an impairment rating for multiple teeth.

1. Is the information currently being collected at this time by the submitter? If yes, detail current method of collecting the information. Yes

EDI

2. If the information is not currently being collected, what timeline does the submitter expect or require for implementation of the proposed change?

3. What other methods of collection or reporting, if any, have been considered?

N/A

Requester's Proposed Solution (optional):

Allow multiple segments of the same code 16 - Teeth. Currently, multiple occurrences of the same body part can only occur when impairment is assigned to the same body part on multiple sides; left and right. We would like an exception for teeth.
