

Issue Resolution Request

IRR: CLM959
Received Date: 11/14/2025
Priority: High
Status: Pending Resolution
Requestor Name: Stephanie Sweeney
Phone Number: 804-205-3104
Email: stephanie.sweeney@workcomp.virginia.gov

Business Requirement / Issue: What is the business requirement / issue? Cite any applicable statute/rules, and attach a copy, if desired.

We have some DNs that are MC on certain MTCs. If that data does not meet the conditions to become mandatory, we would still like to reject the MTC if the code provided is invalid. Currently, there is nothing in the standard saying if this is acceptable.

1. Is the information currently being collected at this time by the submitter? If yes, detail current method of collecting the information. Yes

2. If the information is not currently being collected, what timeline does the submitter expect or require for implementation of the proposed change?
ASAP

3. What other methods of collection or reporting, if any, have been considered?

Requester's Proposed Solution (optional):

If MC data elements are present and the MC condition does not apply, then the data element will be treated as AR. Changes will be needed to the definition of the MC if this solution is adopted.
